

EmployeePlus Payouts.SM

Pay your people instantly

The frequency that you pay employees can be the difference in attracting and retaining the best workforce. Having the ability to pay wages, tips, and rewards in real time using workers' existing cards or bank accounts gives you a competitive advantage.

Increase Worker Retention

- Recruit, retain and motivate your workforce with instant access to their earned wages.
- No intermediary account or mobile app required – recipients simply enter their card number and claim their funds immediately.
- No more mailing checks or lengthy ACH processing times.
- Bank-grade security and compliance ensures card data is secure and anonymized.

How it works

- **Request payout.** Select/add payout recipients, specify amounts, and request Payout using the EmployeePlusSM Payouts Console.
- **Review & approve.** Payout requests can be reviewed by designated approvers prior to being released to recipients.
- **Claim payout.** Recipients receive an email and confirm identification. Funds are deposited to their bank account.
- **Track & report.** Administrators can leverage the Payouts Console to view payouts issued and deposited in real time.
