MERCHANTE[®]

Use Text-to-Pay for faster and more convenient payments.

With a few easy steps MerchantE Invoice can deliver SMS messaging and Text-to-Pay options to your customer, accelerating your receivables and making payments more convenient for your customers.

Give your customers access to SMS messaging

STEP 1 Turn on SMS Service for your customer in their profile settings.

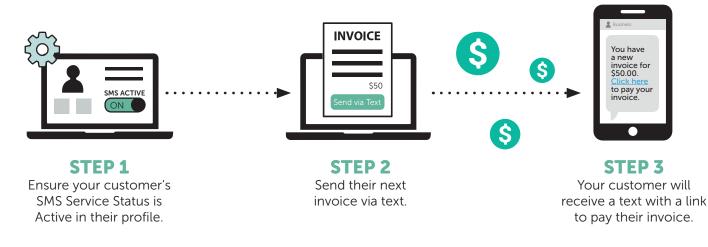

STEP 2 Your customer receives an email with a link to opt-in and register a phone number for receiving SMS messaging from your business.

STEP 3 Your customer receives a confirm tion text to the phone number they registered.

Start sending invoices via text

Get paid faster with Text-to-Pay

STEP 2

STEP 3 These customers can now pay future invoices with a simple text response.

During the payment process registered customers will be prompted to opt-in to Text-to Pay.*

Once the customer opts-in for Text-to Pay their status will be set to Active in their profile

Let's get started!
