

MerchantE for Davisware.

Simplifying Payment Acceptance for Service Providers

MerchantE offers a complete solution that allows Davisware users to accept payments anywhere — in the office or using the Miura M020 mobile device — with unique capabilities not available with other payment acceptance providers.

- **All Major Credit and Debit Cards Plus ACH** – Offer a choice of payment methods to suit your customers' preferences
- **Miura M020 Mobile Device** – Get paid faster in the field with secure mobile payments
- **Account Updater with Tokenization** – Reduce declines and manual efforts associated with expired and replaced cards-on-file
- **Interchange Optimization** – Reduce costs for corporate/purchase card transactions with Level 2/Level 3 processing
- **PCI Scope Reduction** – Improve security and reduce the burden of PCI compliance
- **Payment Experts** – Consultation to help you save money and grow your business
- **24/7 Service** – US-based, award-winning Customer Care team
