MERCHANTE℠

Integrated Payments for Automotive

Improve your customers' experience and drive residual revenue for your business.

MerchantE is your partner for offering integrated payment acceptance within your automotive repair and service software solution! As one of the only all-in-one payment processors, partnering with MerchantE eliminates the need for third parties that add layers of fees and shift accountability when customer support is needed.

- Work directly with MerchantE - no middleman at any stage in serving you or your customers

- Receive white glove treatment from the only "boutique" payment processor

- Fewer layers of fees and more residuals as compared to going through an ISO, aggregator or referral partner

Equip your customers to create a seamless payment experience for employees and customers with secure, convenient payment options. Enable your customers to get more cars on their lifts and get their receivables paid faster!

Quick. Easy. Secure.

- Enable your customers to accept all major credit cards and ACH payments

- Options for online and in-person payments, plus e-invoice and text-to-pay

- Easy API integration, with expert consultation to customize to your needs

- 24/7 Customer Support
